RESPONSE TO OFFICE ACTION

Commissioner for Patents  
Washington, D.C. 20231

Dear Sir:

In response to the Office Action mailed October 4, 2002, kindly amend the application as follows:

IN THE CLAIMS

4. (Amended) The method of Claim 3, wherein said examining statistics of bit transitions includes:

computing bit transition probability density functions for each stage output.

5. (Amended) The method of Claim 4, wherein said examining statistics of bit transitions includes:

computing the bit transition probability density functions for individual bits of each stage output and for logical combinations of said individual bits of each stage output to determine deviation from a desired ideal transfer function related to both gain and offset errors within and between the stages.
